Circular Details

Wellness Registered Nursing, P.C. Home Health Care Services Title of Position: Registered Nurse

Title of Immediate Supervisor: Director of Patient Services

Risk of Exposure to Bloodborne Pathogens: High

Duties: Registered Nurse

To provide nursing care in accordance with the client's plan of care to include comprehensive health and psychosocial evaluation, monitoring of the client's condition, health promotion and prevention coordination of services, teaching and training activities and direct nursing care.

Responsibilities: Registered Nurse 1. Coordinates total client care by conducting comprehensive health and psychosocial evaluation, monitoring the client's condition, promoting sound preventive practices, coordinating services and teaching training activities. 2. Evaluates the effectiveness of nursing services to the client and family on an ongoing basis. 3. Performs admission, transfer, re-certification, resumption of care and discharge paperwork for the home care client. 4. Prepare and presents client's record to the Clinical Record Review Committee as indicated. 5. Consults with the attending physician concerning alterations of Client Care Plan, checks with the appropriate supervisor and makes changes, as appropriate. 6. Coordinates client services. 7. Submits clinical notes no less often than weekly, and progress note and other clinical record forms outlining the services rendered as indicated. 8. Submits a tally of client care visits made each day. 9. Participates in case conferences, discusses with the supervisor problems concerning the clients and how they may best be handled. 10. Discusses with the appropriate supervisor the need for the involvement of other members of the health team. 11. Obtains order for paraprofessional services and submits a referral to the appropriate personnel. 12. Participates in the client's discharge planning process. 13. Cooperates with other agencies providing nursing or related services to provide continuity of care and to implement a comprehensive care plan. 14. Participate in staff development meeting. 15. Continually strives to improve his/her nursing care skills by attending in-service education, through formal education, attendance at workshops, conferences, active participation in professional and related organizations and individual research and reading. 16. Participates in the development and periodic revision of the physician's Plan of Treatment and processes change orders as needed. 17. Submits clinical notes within forty-eight(48) hours, and progress notes and other clinical record forms outlining the services rendered. 18. Participates in the client's discharge planning process. 19. Maintains an on-going knowledge of current drug therapy. 20. Adheres to Federal and State requirements. 21. May be requested by Director of Patient Services to fill in for the other nurses. Coordinates the Admission of a Client to the Agency: Registered Nurse 1. Conducts an initial and ongoing comprehensive assessment of the client's needs at the appropriate time frames. 2. Obtains a medical history from the client and / or family member particularly as it relates to the present condition. 3. Conducts a physical examination of the client, including vital signs, physical assessment, mental status, appetite and type of diet, etc. 4. Evaluates the client, family member(s) and home situation to

determine what health teaching will be required. 5. Evaluates the client's environment to determine what assistance will be available from family members in caring for the client. 6. Evaluates the client's condition and home situation to determine if the services of a Home Health Aide will be required and the frequency of this service. 7. Explains nursing and other Agency services to clients and families as a part of planning for care. 8. Develops and implements the nursing care plan. 9. May be requested by the Director of Patient Services to fill in for other nurses who are on vacation or sick. Provides Skilled Nursing Care as Outlined in the Nursing Care Plan: Registered Nurse 1. Nursing services, treatments and preventative procedures requiring substantial specialized skill and ordered by the physician. 2. The initiation of preventative and rehabilitative nursing procedures as appropriate for the client's care and safety. 3. Observing signs and symptoms and reporting to the physician reactions to treatments, including drugs, as well as changes in the client's physical or emotional condition. 4. Teaching, supervising and counseling the client and caregivers regarding the nursing care needs and other related problems of the client at home. Assumes Responsibility for the Care Given by the Home Health Aide: Registered Nurse 1. Supervises and evaluates the care given by the Home Health Aide as per agency policy. 2. Submits to the appropriate department/individual a written evaluation of the Home Health Aides who are providing services to the clients in his/her geographical area. 3. Participates in periodic conferences with the Home Health Aide supervisor concerning the Aide's performance. 4. Charts those services rendered to the client by the staff nurse and changes that have been noted in the client's condition and/ or family and home situation, makes revisions in the nursing care plan as needed, records supervisory visits conducted with the Home Health Aide, evaluates client care and progress and closes charts of discharged clients. 5. Evaluates the effectiveness of the nursing service to the individual and family. 6. Consults with the attending physician concerning alteration of the plan of treatment in consultation with the supervisor. 7. Submits clinical notes no less than weekly, and progress notes and other clinical record forms outlining the services rendered as indicated. 8. Submits a tally of visits made each day. 9. Participates in case conferences. 10. Discusses with the supervisor problems concerning the clients and possible resolution. 11. Discusses with the supervisor the need for involvement of other members of the health team such as the home health aide, physical therapist, speech therapist, occupational therapist, social worker, etc. 12. Obtains orders for paraprofessional service and submits referral to appropriate personnel. 13. Provides guidance and supervision to the LPN and supervises the LPN per agency policy. 14. Coordinates total client care. 15. Cooperates with other agencies providing nursing or related services to provide continuity of care and to implement a comprehensive care plan. 16.
